Dear Dilmar Baretta,

I, hereby certify that I have, on this date, interviewed and assessed Augusto Silveira da Silva on his English language skills.

Augusto is able to form sentences, ideas, and thoughts, and can easily change from talking about one topic to the next. He can also take part in conversations about events currently in the News, using a wider range of vocabulary when speaking. He uses appropriate transition words and the pace, rhythm, and flow of his speech demonstrate strong command of language to convey meaning.

Regarding grammar and syntax, I noticed that he can use a variety of verb tenses correctly and can also use appropriate subject-verb agreement. He can identify minimal grammatical errors and is able to self-correct his discourse, which shows understanding of English grammar rules.

In a nutshell, he is a B2 level (upper intermediate level), according to the Common European Framework of Reference for Languages (CEFR), proving that he can communicate easily and spontaneously in a clear and detailed manner, and can understand and be understood in most situations.

Therefore, it is my pleasure to offer my highest recommendation for Augusto Silveira da Silva. He will certainly be a valuable asset to any learning community.

If I can be of any further assistance, or provide you with any further information, please do not hesitate to contact me.

Sincerely,
