EXPLANATORY NOTES

1. THE UNIVERSITY

Rennes School of Business is an international management school created in 1990 and located in the Ille-et-Vilaine department of Brittany, France. Rennes SB is a member of the Conférence des Grandes Écoles (CGE) and accredited by EQUIS (European Quality Improvement System), AACSB (Association to Advance Collegiate Schools of Business) and AMBA (Association of MBAs).

2. COURSE CODING SYSTEM AND MEDIUM OF INSTRUCTION

The course code consists of Letters and Numbers. The Letter Code indicates the course area. The Number Code indicates the year for which the course is intended. The language of instruction for classroom teaching (in all forms) at Rennes SB is predominantly English (except for Language courses). The language of instruction is denoted by a single letter attached to the end of the course code. For example, “E” stands for English; “F” stands for French and “N” for both languages.

Example: MK 204 F
MK -> Marketing 204 -> 2nd Year of the Programme F -> French

3. GRADING SYSTEM

3.1 Grading Scheme

Each module is assessed and allocated a number of ECTS (European Credit Transfer System) credits in line with the Bologna Convention. Letter grades are used to indicate the results. The number of grade points gained by a student in a particular course corresponds to the letter grade. The passing grade for students is E except for the Graduating Project, MSc Dissertation and the Bachelor Dissertation for which passing grade is D.

3.2 Grade Point Average – GPA (except for Transfer of Credits students)

The GPA is determined by calculating the weighted average of the grades obtained for each course that has credits (after converting the grades into numbers as follows: A=5; B=4; C=3; D=2; E=1; F/Fx = 0 – see table below). The weighting is carried out based on the number of credits per subject in relation to the total credits of the calculated period (semester, year, ...). The GPA for each student is therefore between 0.0 and 5.0.

Academic Performance	Letter Grade ECTS	EQUIVALENT in %	GPA
Excellent - Exceptional performance with very few errors	A	70-100	5
Very good - Above average, but with some errors	B	65-69	4
Good - Generally strong work but with some notable errors	C	58-64	3
Satisfactory - Honourable but with significant gaps	D	50-57	2
Acceptable - Performance meets minimum criteria	E	40-49	1
Compensation* = PASS module	CP	30-39	0
Fail - Insufficient knowledge in the subject	Fx	30-39	0
Fail - Inadequate and fragmentary knowledge of the relevant techniques and principles or failure to complete the required work	F	<30	0
No Grade – Grade pending	NG	-	-
Not included in GPA	PASS/FAIL		

* (depending on programme rules) - A student who has obtained one or more Fx over a period (semester/academic year) will obtain a Pass by compensation on the Fx modules as soon as the GPA of the period is equal to or greater than 2, as well as the associated credits. Their Pass awarded as part of a compensation does not impact the initial GPA.

4. EXAMINATION BOARD DECISION

APR - Allowed to Progress / Approved for Progression
CPR - Conditional Progression. Students are allowed to progress but will have to validate their resit exams before the end of their academic curriculum.
RST - Resit
RPP - Repeat Part Programme / Partial repetition of the year
RYR - Repeat Full Year
NPR - Not Allowed to Progress / Not Permitted to continue studies at Rennes SB
DFD - Deferred. This decision may be taken in cases where all the required results are not available to make a final decision
PASS - All modules are validated
FAIL - At least one failed module. For transfer students, this decision does not affect the credits acquired on other modules

5. RESIT

During the academic year (cf : general calendar), Rennes School of Business organizes one resit session for the students who failed one or more modules. The grade obtained in the resit replaces the grade obtained during the fall or the spring semester (continuous assessment + final exam). Students must obtain at least grade E to validate and grade D for the Graduating Project, MSc Dissertation and the Bachelor Dissertation. Transfer students need to register for the resit session.
